

Switch U88 electronic, 10° asymmetric, right 600 V DC for grooved contact wire 100-107 mm², right hand turnout

Item number 800053

Specification

Switch assembly: asymmetric right
Crossing piece: 10° electronic right

Comments

- The insulation can be installed in any desired direction of travelling. In the above shown installation it is installed in turnout
- With the respective control, this installation can also be installed as a trailing switch (left hand

execution for run-in from the right)

- The switch direction is determined by the control
- Auxiliary material included
- Without control and cabling
- Without fixed terminations for grooved contact wire, supporting network and suspension
- Switches for additional grooved contact wires on request
- Detailed installation plans can be requested for each delivery of this assembly
